

CLEAN FOR THE QUEEN

13.11.15

A million people give a royal wave goodbye to litter! Friday 4 to Sunday 6 March 2016

As part of The Queen's 90th birthday celebrations, the Clean for The Queen campaign aims to inspire a million people to make the places where they live more beautiful by removing litter. To our knowledge, this will be the largest community-inspired and driven action against litter that there has ever been.

Clean for The Queen is the first time that all the major litter organisations from across the UK have united behind a single campaign. We all want to reclaim our beautiful countryside, our fabulous cities, our world class parks, our wonderful beaches and waterways from the blight of litter. We all hope that Clean for The Queen activities will leave a lasting legacy by encouraging more people to reduce their litter habit and to allow us all to live more sustainably.

We are asking individuals and organisations to help us both by spreading the word about the campaign and by organising litter events themselves that take place between Friday 4 and Sunday 6 March 2016. We want this long weekend to be the most monumental of all litter actions with over 50,000 clear-ups throughout the UK.

A million people need motivating! Can you please let me know if we can count on your support?
