

Heritage Open Days and Victorian Harvest Weekend at Stretton Watermill

21st and 22nd September

12noon-5pm. Donations welcome.

Celebrate Heritage Open Days and the traditional harvest with apple pressing, butter making, recipes, music, corn dollies, and 'the wonders of the bicycle'. This delightful end to the season captivates all who experience the romance of this 14th C timber-framed corn mill. Bring apples from the garden (and bottles) to press your own apple juice.

Bring your own apples (and bottles) to press and take the juice home.
